Child Crisis Arizona	\$10,566	Challenge Days
CCA’s mission is to provide Arizona children with a safe environment—free from abuse and neglect—by creating strong and successful families. They achieve this through prevention, intervention and education programs designed to support thousands of children and families who are at risk. A portion of the Leisure World Foundation’s Challenge Grant includes \$5,000 to provide 20 nights of “safe sleep” for children 0 to 10 years-old in the emergency placement shelter. The balance of funds will be used for staff development and teacher training.

Sundays With SIRRINE – A respite program for caregivers: Nov 14, Nov 21, Dec 5, Dec 12, Dec 19

The next "Powerful Tools for Caregivers" class will begin Feb. 7 for six weeks and SIRRINE will bring their Bus to LW and take those receiving care to the Red Mountain SIRRINE facility so that the Caretakers can join the class.

Caring for someone with a chronic illness, such as dementia, heart disease, Parkinson's disease or stroke can be extremely stressful physically, emotionally and financially. During this class, participants will learn to reduce their own stress, improve self-confidence, communicate feelings, locate resources, become more able to make tough decisions, and bring balance to their own busy lives.

	Bean Bag Toss Tournament
	Tennis Tournament
	Zoomers Street Dance & Classic Car Show
Apr 01	Grande Finale - East Valley Big Band Concert/Dance

### Grant Recipients

Banner Hospital Health Foundation – Nursing Skills Training Lab Equipment \$ 16,000 Challenge Days  
LWF purchased equipment for the Nursing Skills Learning Center at Banner Baywood Medical Center. That center is now instrumental in helping both the Medical Center and the Heart Hospital recruit, train and retain a high quality nursing and support staff. The lab offers nursing applicants the opportunity to hone their skills by practicing techniques first on mannequins and then through simulation training before being applied bedside. The Learning Center is also available to care givers who need to be able to do certain procedures for a family member so that person may return home rather than moving to a nursing home.
